PLAN TO RENEW THE "DRY" DEBATE

Attack Now Centers on Enforcement Measure For Law

STEAM ROLLER USED

Discussion Now Centers on Provisions For Enforcing Constitutional Prohibition Effective Next January.

Although the agricultural appropriation bill and right of way, House leaders expected late yesterday to resume debate on the prohibition enforcement legislation.

At the session Thursday, lasting, late into the night, that portion of the measure relating to war-time prohibition was completed, and the debate now centers on the section of the bill carrying provisions for enforcing Constitutional prohibition, which becomes effective next January.

All amendments intended to eliminate the more drastic provisions of the general enforcement measure were voted down yesterday by overwhelming majorities, and so strongly in control were the "drys" that debate was shut off despite the violent protests of the minority. Discussion continued to be bitter, and the chamber was in confusion when adjournment was taken at 10 o'clock. At that time it had before it a series of amendments offered by Chairman Volstead relating to flavoring extracts. Members were not familiar with this phase of the controversy, and it was agreed to have the proposed amendments printed in the record for their enlightenment.

BANK CLOSES DOORS

Small Depositors Wait in Rain After Failure

Philadelphia, July 19.—Under preemptory orders from John S. Fisher, State Commissioner of Banking, the North Penn Bank, a state institution at Twenty-ninth and Dauphin streets closed its doors yesterday. It is said that several million, including $312,000 of State funds, are involved in the failure. Later in the day James W. McBurney, treasurer of the Haddington Trust Company, was appointed receiver, but it is said that the institution will not open its doors again.

Besides having the State as one of its principal depositors, the bank catered to thousands of persons in moderate circumstances. Many of these had all their savings on deposit with the institution.

In the drenching downpour of rain yesterday hundreds of luckless deposit ors stood in front of the closed doors of the bank in the faint hope that something might turn up and that they would be reimbursed at once.

NOTICE

In connection with the completion of the Filtration Plant of this Company, and the extension of the 20 inch effluent main from the Filters into the Reservoirs, it is necessary to draw down the water level in the Reservoirs about six feet which will reduce the pressure over the city about 2.5 lbs. This work is in progress this week. Until it is completed and the high water again restored in the reservoirs, consumers on the higher levels of the system may experience some temporary inconvenience, which we regret, but which is unavoidable. We will restore original conditions at the earnest possible moment.

"RED" LITERATURE

Advocates the Destruction of the American Government and Seizure of Power by I. W. W.s

New York, July 19.—Open advocacy of "the Red terror," the destruction of the American Government and the forcible seizure of power by the workers were contained in magazines printed in Russian and Finnish by the I. W. W. which were offered in testimony at today's session of the joint Legislative committee which is investigating radical and seditious activities in this State. Some of the magazines were published in New York. Extracts from the magazines which were ready by translators included such sentences as:

"The bourgeoisie can be paralyzed only by the Red Terror."

"Burn the code of law; take all the riches; death to the bourgeoisie."

"One of the most effective weapons in sabotage; let us attack with the ferocity of tigers."

Among a number of letters which were read into the testimony, addressed to the I. W. W. headquarters, was one from a woman teacher in a private school asking for literature suitable for boys of high school age. The letter was dated Salina, Kan. The writer recommended that nothing be sent "so venomous as to antagonize at the outset."

The committee held an executive session this afternoon and adjourned to reconvene here next Thursday.

GOVERNMENT LOSES VOTE

High Cost of Living Blamed on Policy of Clemenceau Cabinet

Paris, July 19.—In a vote in the Chamber of Deputies yesterday evening, following interpellations on the high cost of living, the Government was in the minority by fourteen votes.

The issue arose over the order of the day. The Government accepted that of Deputy Renard, which implied confidence in the Government but the chamber adopted by a vote of 227 to 213 a resolution presented by M. Augagneur, former Minister of Marine, which the Government had rejected.

The order of the day of M. Augagneur, adopted by the chamber, was on the high cost of living.

WILSON STILL IS INSISTENT

Wants Peace Treaty and League of Nations Ratified

PURPOSES OF LEAGUE

Senator Capper Says President is in Possession of Pertinent Facts in Connection With Shantung Case.

President Wilson still is insistent that the peace treaty and League of Nations covenant be ratified without reservations, Senator Capper (Republican), Kansas, said yesterday after a conference with the President at the White House.

Senator Capper said the President took the position that adoption of reservations by the Senate was certain to be misinterpreted abroad and would set a precedent which might be followed by other nations.

The President pointed out, Senator Capper said, that if all nations adopted their own interpretations on the covenant the real meaning and purpose of the League might be vitiated. The Senator said the President did not present arguments, but simply stated facts, leaving him to draw his own conclusions.

Senator Capper said the Shantung settlement was discussed at length and that the President appeared to be in possession of many pertinent and important facts. The Senator declined, however, to say what these were.

Senator McNary of Oregon, after conferring with the President, said Mr. Wilson had presented facts, which materially modified first impressions of the Shantung settlement. Regarding the League of Nations the Oregon Senator said he found himself substantially in accord with the President.

DAYLIGHT SAVING WINS

House Rejects, 203 to 171, Rider to Agricultural Bill

Renewed attempts of House Republican leaders to repeal daylight saving through a rider to the 1920 agricultural appropriation bill were defeated in the House yesterday, when Republican opponents of repeal joined with the Democrats in voting to eliminate the repeal provision. Immediately afterward, without a dissenting vote, the agricultural bill, carrying $33,900,000, was passed and sent to the Senate.

IN MEMORIAM

In sad but loving remembrance of Caroline Mann, who departed this life one year ago today, July 19, 1918.

Sleep on mother and take thy rest,
the battles o'er,
Thou here on earth shall toil no more,
Faithful was thou through toil and strife,
Now there awaits for thee a crown of life,
Thou hast crossed the river marched on before
Into a better land, camped on its shore,
There thou for me will wait, I am coming too
That I may share with thee the grand review.

Mrs. Bates, of Mt. Ida Avenue, is preparing to go to Newport News, Va., to join her soldier husband.

Mrs. Anna E. Ellis and daughters, of Peyton Avenue, Del Ray, Va., have returned from a week end visit from Colonial Beach.

A well attended meeting was held last Monday night at the Mt. Vernon School in Del Ray at which several questions relating to the welfare of the community were discussed. The Rev. Dr. Walter Pippin of the Methodist Church of Del Ray, who is deeply interested in the welfare of this section, addressed the meeting. Among the questions discussed was playgrounds for the school children and a sewerage system for the town of Potomac. A large collection was realized for the benefit of the Playgrounds Association.

HUNS ATTEMPT MURDER

Assassins Fire on U. S. Provost Marshal at Coblenz

Coblenz, July 19.—Two Germans attempted Thursday night to assassinate Major George Cockriel, provost marshal of the American forces in Germany. The major was not injured. The Germans escaped after firing several shots.

The shots were fired at the Provost Marshal from behind.

Major Cockriel's home is in St. Paul, Minnesota.

The attempt to assassinate Major Cockriel was deliberate and premeditated. Cockriel is on the German secret list of "marked Americans," and during the last week has received five threatening letters, one of which gave him only 24 hours to live.

Major Cockriel, accompanied by a military police officer, was walking along a dark street of Coblenz at 10 o'clock Thursday night when he met two Germans, who began firing as soon as they had passed the Americans, blazing away over their shoulders as they ran. This probably accounts for their poor marksmanship, as neither of the Americans was hurt, although several shots were fired.

The Germans proved better runners than marksmen, as they made good their escape despite a hot chase.

EPIDEMIC OF STRIKES

Washington, July 19.—An epidemic of strikes appears to be sweeping the nation, according to reports made to the Labor Department and unofficial advices received here. There is no estimate of the total number out. Demands are being made by the strikers for more money, a shorter work day, the right of collective bargaining and the right to organize shop committees.

With seamen on strike all along the coast, 28,000 railroad shopmen on sixteen Southeastern roads were threatening to quit, making demands on the Railroad Administration for more money. Machinists were striking in Chicago, and building tradesmen were being locked out. Boston had an elevated railroad strike.

ARREST OF ALL BEER SELLERS IN PENNA.

Palmer Instructs District Attorney to Start Prosecutions at Once

90 PER CENT OPEN

Quaker City Saloons Sell 2.75 Beer —Government to Prosecute All Who Defy the Law.

Philadelphia, July 20.—Wholesale arrests of persons selling 2.75 per cent. beer in Philadelphia are expected to follow an order issued yesterday by the Department of Justice at Washington.

Instructions have been sent to United States District Attorney Kane here, to begin prosecutions at once against all persons selling beer containing an alcoholic content of more than one and one-half per cent.

District Attorney Kane, up until a late hour last night, had not received the order. He refused to state what action he would take until full instructions are received from Washington.

The move on the part of the Department, acting under orders from Attorney General Palmer, followed the receipt yesterday of the full text of Judge Dickinson's decision, which, according to the view of the Department, sustains the contention of the Government as to the legal percentage of alcoholic content permitted in the bevrags offrdtoreuh WaJdtasdr the beverages offered for sale.

The instructions to District Attorney Kane were contained in a letter prepared by Assistant United States Attorney William L. Frierson, in charge of the enforcement of prohibition legislation for the Department of justice.

Mr. Frierson said last night at Washington that the agents of the Bureau of Investigation of the Department would undertake to find out the facts concerning those who are the prescribed amount of alcohol. In addition, he indicated that the police department in Philadelphia would be asked by District Attorney Kane to arrest all found guilty and have them taken before the United States Commissioner.

Speaking of the decision of Judge Dickinson, Assistant Attorney General Frierson said:

"Judge Dickinson declined to pass on the demurrer now, holding that the question is one to be decided on the trial of the case, rather than on demurrer. He took occasion, however, to say that he was in accord with the opinion delivered by Judge Thompson, at Pittsburgh, which held that all beer containing as much a sone-half of one per cent of alcohol was prohibited.

"As the question was fully argued before Judge Dickinson, the Department takes this statement to clearly indicate what his ruling will be at the trial.

"Instructions have, therefore, been given for the arrest and prosecution of all persons found manufacturing or selling so called 2 3-4 per cent. at the in that district.

The decision of Judge Dickinson adds one more to the list that is already either conflicting or slightly different in character. That of Judge Rose, of Baltimore, supported the right to deal in 2.75 per cent. beer, while that of Judge Thompson, of Pittsburgh, was in substantiation of the government's stand on the alcoholic percentage above which the beverage was held as intoxicating.

The difference between Judge Dickinson's decision and that of Judge Thompson does not lie in the question of alcoholic content, hence the action determined upon today by the Department of Justice as to the means to be taken in Philadelphia and generally throughout the Eastern District against violators of teh law. The department will appeal the Baltimore decision to the Supreme Court and will also ask that the case be put well to the front for consideration at the resisting early in October.

Imprisonment for not exceeding one year, or a fine of not more than $1,000, or both, at the discretion of the court, faces every brewer and saloonkeepr who is now selling 2.75 per cent. beer, in violation of the law.

Ignorance of the law is held to be no excuse and the saloon men and brewers who today open their places will, Federal officials declare, have certain prosecution to reckon with.

Ninety per cent of all saloons in Philadelphia were open yesterday for the sale of 2.75 beer, and, according to Neil Bonner, president of the Retail Liquor Dealers' Asscciation, they will remain open until they receive definite notice from the Federal authorities to shut down, or unless they are advised to quit by counsel today.

Meanwhile, two arrests were made yesterday. One is a saloonkeeper, accused of selling whisky, and the other, his bartender. One of the city's numerous breweries, sent out word to its customers, advising them not to buy beer until the question of its legality under the 2.75 per cent, standard had been fixed by the Unictd States Supreme Court.

Mr. Kane expects to receive orders to prosecute some time today. Department of Justice agents have been obtaining samples of the beverages sold at many saloons, and everything is ready for the jury trials, which have been indicated by Judge Dickinson, of the United States District Court, as the real method of testing out the issue in Philadelphia.

NO SHINING EXAMPLE

When the time comes for Germany to send an Ambassador to the United States—or to any other of the Allied countries, for that matter—the difficulty of finding the right person will be very great suggests the Philadelphia Inquirer. "In the present state of feeling none could expect a very warm welcome. The German Government will do well if it succeeds in finding someone who is not positively objectionable. Its old diplomatic force may not be of much help; there were many more Bernstorffs than Lichnowskys in it.

"The suggestion that Maximilian Harden would come nearer to being persona grata to the American people than anyone else is perhaps not altogether happy. Harden has been vociferating rather loudly of late upon the duty of the German people to accept the situation in which they find themselves, and intimating that they themselves are to blame for their misfortunes. Yet he himself was quite as enthusiastic as any of them when the war broke out. It was in his paper, the Zukunft, in December, 1914, that he wrote:

"Now we know what the war is for. It is to hoist the storm flag of the Empire on the narrow Channel that opens and locks the road into the ocean. We shall remain in the Belgian Netherlands, to which we shall add the thin strip of coast up to the rear of Calais. Never was there a war more just. It shall, it must, it will conquer new provinces for the majesty of the noble German spirit."

"Chastened since then Harden may be, but so may many others of his countrymen. Perhaps the learned professors who defended all the military atrocities in Belgium have experienced a change of heart. There is no occasion to question his or their sincerity, so far as resuming formal intercourse is concerned. Harden might make as good Ambassador as any. But let us not deceive ourselves with the idea that he is specially exempt from the reproach the Germans have incurred."

IS BUTTERMILK TO GO?

Joseph Christie Whitney Frazer, Ph. D., professor of analytic chemistry at the Johns Hopkins University, Baltimore, admits the dire alcoholic possibilities of buttermilk. In its proper place it is nutritious and nourishing; but, like the good old stuff, it can be abused.

"Under certain conditions buttermilk could be made to develop an alcoholic content," says Dr. Frazer. If urged to ferment, there is no reason why it should not take unto itself a 'kick' to which it has no lawful right."

The Baltimore News in commenting upon the above says:

"Under such conditions of fermentation buttermilk develops an unlawful alcoholic content. This little secret has been known to the wise ones since July 1. These wise ones had been sworn to secrecy; the buttermilk oath is one of the most terrifying concocted since the days of Huckelberry Finn. Up to today the secret was considered safe, but, as is always the case, some one up and told his wife. She swore not to tell—they always do—and she didn't tell a soul, really—only the members of the little card club to which she belongs. So at last the prohibitionists heard the fatal news and, well—buttermilk must go!

"So, notwithstanding the fact that the Government appointed July 1 as 'National Buttermilk Day' that Uncle Sam urges an enormous consumption of this acidulous beverage that in the unenlightened pre-prohibition days it was considered a health drink par excellence—buttermilk must go! By this time next year, probably, no buttermilk bottle will pollute the pristine sanctity of the great American ice box, and suburban virgins will have learned to say: "Lips that touch buttermilk shall never touch mine!"

WHY CUMBER THEY THE GROUND?

The recent copious rains have stimulated the weed crop in certain sections of Alexandria. In many places these obnoxious growths are as high as a man's head. Grass is also growing luxuriatnly in gutters and by the sides of fences, rendering neighborhoods unsightly.

A few years ago the Civic Improvement League performed valuable services by pointing out places needing attention, but the owners of property as well as the occupiers have paid but little attention to such matters lately, and the result is as might have been expected.

It is generally admitted that weeds play their part in augmenting malaria and other diseases in the early fall months. They wither and die toward the close of the summer and later, when frost appears, fill the air with disease-breeding particles. The pods containing seed expand and the nuisance of next year's crop fall on the ground.

Most of such nuisances and they are nuisances as well as menaces to health—exist upon vacant lots and around deserted houses. At this time, when many transfers of property are going on and while people seeking sites upon which to erect homes, such unsightly conditions should not be in evidence.

The health authorities are working assiduously toward eliminating nuisances by forcing parties to connect their premises with the public sewers, and everything in the way of filth is being eliminated. People who maintain poisonous weeds upon their premises should have them removed immediately. They are unsightly, and in the opinion of many, menacing to public health.

BACK GIVES OUT

Plenty of Alexandria Readers Have This Experience.

You tax the kidneys—overwork them—
They can't keep up the continual strain:
The back may give out—it may ache and pain;
Urinary troubles may set in.

Alexandria people tell you how they act.

Mrs. Mary Williams, 914 Duke St., Alexandria, says: "About two years ago I was suffering terribly from kidney trouble. My back pained me so at times I could hardly get about. Nights, lying in bed, it seemed as though my back were broken. My kidneys acted much too freely and that broke my rest. Mornings I felt stiff and sore and could hardly get out of bed. I was completely run down. Doan's Kidney Pills soon gave me relief and after I had finished two boxes my kidneys acted naturally and the pains in my back were gone. I was entirely cured."

When Telephoning Concentrate!

The average person cannot do two things well at the same time. It is practically impossible to have a satisfactory talk with a man who attempts to attend to something else while he talks with you, or keeps a cigar in his mouth, or holds the telephone at an awkward angle.

To concentrate in telephoning is simply to speak distinctly into the transmitter, listen closely and keep your mind on the conversation. It is an easy thing to do, and the results will be well worth while.

GINGER ALE
is d-i-f-f-e-r-e-n-t

DON'T get the impression that all Ginger Ale is "just Ginger Ale." We suggest that you try one bottle of CLOVERDALE—then you'll realize that there is a big difference in its favor and in its flavor.

There are several reasons for the superior quality of

Cloverdale
GINGER ALE

beside the fact that

"It Doesn't Bite"

First, the water comes clear, pure and sparkling from the celebrated CLOVERDALE Springs at Newville, Pa. Then, the "ginger" is truly Jamaica Ginger (not cheap red pepper) and that's why "It Doesn't Bite." Lemon and the purest cane sugar syrup are also used because we are offering the best ginger ale, not the cheapest.

One cold drink will quench that thirst—then send home a case for the family. Many people are finding it beneficial to drink a bottle every day—as a tonic.

Order a Case Today—Serve It Cold

Each bottle of CLOVERDALE GINGER ALE contains two full sized glasses, and is sold in cases of 24 bottles each. You can buy it by the case or the bottle from leading grocers, druggists and other places where good drinks are sold.

And Whereas said ordiance provided that after the acceptance of said bid for said bonds by the Finance Committee of the said City Council of Alexandria the said City Council of Alexandria should promptly adopt an ordinance approving the said form of bonds and coupons and providing for the proper disposition of the funds to be received therefrom.

Section 1.—Now therefore be it ordained by the City Council of Alexandria that the action of the Finance Committee of the said City Council in awarding the $100,000.00 of registered and non-registered bonds of the City of Alexandria of the denomination of $1,000.00 each, said bonds to bear date of July, 1919 and to bear interest at the rate of five per centum (5 per cent) per annum, payable semi-annually on the first days of January and July in every year, $3,000.00 of said bonds to be payable each year beginning July 1, 1922 until the first of July 1953, inclusive and $4,000.00 of said bonds to be payable on the first day of July 1954, to the First National Bank of Alexandria, Virginia at its bid of $101,470.00, all expenses for legal opinion as to said bonds and the printing and engraving of said bonds to be borne by the said First National Bank of Alexandria, Virginia, be and the same is hereby ratified and confirmed by the City Council of Alexandria, Virginia.

NEW PLEA IS "NOT GUILTY"

Answer to Murder Indictment at Variance With Statement.

Los Angeles, July 19.—In a tone so low as scarcely to be audible, but apparently unshaken by any emotion, Harry S. New, Jr., yesterday answered "Not Guilty," when arraigned in court to plead to the grand jury indictment of first degree murder for the murder of his sweetheart, the beautiful Freda Lesser, who was slain in Topango Canyon, on the night of July 4.

The youth's plea was entirely at variance with his statement to the police when, early in the morning of July 5, he drove his automobile containing the body of the girl to the central police station, left the car standing with the body in it, and, entering the station, announced calmly:

"My sweetheart lies dead in the automobile out there. I killed her She would not become the mother of my child."

October 27 was set for the trial date, by mutual agreement.

CHILD CUT IN TWO

Shamokin, Pa., July 19.—While his mother stood but a half block away watching him at play along a railroad running through the heart of the town, four year old John Lanusky attempted to climb aboard a moving freight, fell upon the tracks, was caught under the rear truck of a car and cut in two. A half dozen companions and a number of pedestrians witnessed the fatality.

Despite his terrible injuries the little boy lived until after he was carried into his home.

SHOOTS GIRL AND SELF

Jealousy Blamed for Double Tragedy in Hopewell, Va.

Hopewell, Va., July 19.—Jack Foreman, of New York, who for a year has been living in Hopewell, Thursday morning shot and seriously wounded Ruby Bennet, with whom he was in love, and sent a bullet through his own brain, dying instantly. The girl will likely recover. Jealousy was the motive.

Foreman had been boarding at the Bennet home for a year. Another boarder, Ray Woods, it is said, provoked him to jealousy. Early Thursday morning Foreman got up and locked Woods into the room, which they occupied jointly. He then met the girl in the parlor of the boarding house, and after a short talk began firing a pistol at her. One bullet passed through the girl's neck, under the left ear. Foreman went into a back room and shot himself, falling across a bed.

KAISER'S SURRENDER

Paris, July 19.—The Norddeutsche Allgemeine Zeitung, of Berlin, the mouthpiece of the government under the imperial regime, declares it has information that Holland will consent to the extradition of former Emperor William, according to a Berlin dispatch to Paris newspapers. The formal handing over of the former Emperor to the Allies, it adds, will take place at The Hague.
Amerongen, July 19.—The former German Emperor, who has been suffering from a cold, was somewhat better yesterday, but followed the advice of his physicians and remained in bed. He did not get up even for his meals. His sickness, however, is understood to be of a very slight character.
Berlin, July 19.—The Pan-German Deutsche Zeitung which stands close to former royal circles, takes a serious view of the illness of former Emperor William, calling in "deep melancholy." It is said that the one-time monarch is so depressed that his physician views his condition as critical.
Count Hohenzollern is said rarely to leave his apartment and seldom sees his closest friends. The paper says that he spends many hours in prayer and that when he does talk he wants to converse on religious subjects. The former Emperor is said to show a "high degree of nervousness."
The condition of the former Empress is such, according to the newspaper, that she may have to return to Germany for treatment of her old heart trouble.

LABOR TO URGE TREATY

Gompers Sounds Call For Nation Wide Support by Unions

Washington, July 18.—President Samuel Gompers yesterday sounded the call for a nation-wide movement by organized labor to insure ratification of the peace conventions.
In a personal letter to nearly 3,000,000 members and officers of unions affiliated with the American Federation of Labor Mr. Gompers gave directions for concerted action.
Unions will arouse sentiment within their localities by adopting resolutions indorsing the results of the Peace Conference.
Members will bombard their Senators and Congressmen with individual requests for ratification.
Every union man in the United States will become a personal missionary for ratification working among his employers, friends and relatives.
Gompers' call, American Federation of Labor officials said, will put the entire moral and political pressure of organized labor behind the peace treaty, the league of nations and international labor charter drafted by the Peace Conference.
Recalling that the three conventions were indorsed almost unanimously at the recent American Federation of Labor convention. Gompers wrote that "there are some interested group and politicians who would undertake to defeat the treaty, the covenant and the labor charter.
"They are the groups of politicans who have generally been antagonistic to the labor movement and to legislation sought by labor.
"There are no people in the United States so vitally interested in the ratification of the treaty as the working people, and it is the duty of the organized labor movement in every section of our country to make known by resolutions, letters and telegrams to their two United States Senators that it is the wish and hope of their respective unions that these Senators shall vote for ratification of the treaty.
"If the treaty should be defeated by the failure of the Senate to ratify it it will mean that the whole situation in Europe and America will be reopened.
"It will mean that every nation will create a large standing army, a large navy and arms and munition plants. The nations will compete with each other so that the whole world will be an armed camp.
"All know that the covenant and the labor charter are not perfect. No more is any human institution perfect. But the covenant and the labor charter are the first real effort made to try to prevent a recurrence of the international bitterness and internation wholesale slaughter."

PASSES NEW CIVIL BILL

Attempt by Seantor Fall to Place Rider Declaring Peace With Germany Fails

The Senate yesterday passed the sundry civil bill as it came from the House after rejecting several amendments.

An attempt to insert in the bill an amendment declaring that a state of peace exists between the United States and Germany was made by Seantor Fall. The amendment was voted down.

The bill, once vetoed by President Wilson, carries $14,000,000 for vocational education for soldiers and sailors, an increase of $6,000,000 more than the veto message asked for.

The Fall amendment stated that "a state of peace being declared," no funds appropriated for pay of United States marshals should be used to enforce the trading with the enemy act. The reference to United states marshals' pay was a connecting link by which the plan to declare a state of peace could be inserted in the sundry civil bill.

BOYS CONFESS ARSON

Started $11,500 Fire at Cambridge "To See the Fun."

Cambridge, Md., July 19.—The mystery attending the last five fires in Cambridge was solved yesterday afternoon when Donald Barnett and James Paul, lads of about fifteen, confessed to State's Attorney Marine that they set them on fire to see the fun. A warrant for their arrest was at once sworn out and they were taken into custody. The boys said that, after setting the fire which yesterday morning caused $11,500 worth of damage, they went to a nearby tailor shop, where they waited until after the alarm, when they returned to the scene.

DRY DOCTRINE 'ROT'

London, July 19.—Samuel Gompers, president of the American Federation of Labor, arriving at Southampton on the Mauretania, declared regarding American prohibition that "it is all rot to think you can compel a country to be dry." It is a physical impossibility, he said.

THEATRES

RICHMOND THEATRE

Has art an immortal, mysterious influence even on the lowliest, unappreciative, untrained mind? This great truth is portrayed in the wonderful production featuring Bessie Barriscale and Charles Ray, in "The Straight Road," to be shown at the Richmond Theatre tonight.

CONSTIPATION

And Sour Stomach Caused This Lady Much Suffering. Black-Draught Relieved.

Meadorsville, Ky.,—Mrs. Pearl Patrick, of this place, writes: "I was very constipated. I had sour stomach and was so uncomfortable. I went to the doctor. He gave me some pills. They weakened me and seemed to tear up my digestion. They would gripe me and afterwards it seemed I was more constipated than before.

I heard of Black-Draught and decided to try it. I found it just what I needed. It was an easy laxative, and not bad to swallow. My digestion soon improved. I got well of the sour stomach, my bowels soon seemed normal, no more griping, and I would take a dose now and then, and was in good shape.

I cannot say too much for Black-Draught for it is the finest laxative one can use."

Thedford's Black-Draught has for many years been found of great value in the treatment of stomach, liver and bowel troubles. Easy to take, gentle and reliable in its action leaving no bad after-efects, it has won the praise of thousands of people who have used it.

This stirring drama contains a great psychological problem so truthfully and simple told that the harshness of the lesson is felt, yet not thrust upon the audience.

INGOMAR THEATRE

"Denny from Ireland," at the Ingomar Theatre tonight, is an Irish-American story of laughter and tears and which offers Shorty Hamilton unlimited opportunities for his laugh provoking peculiarities, first appearing as a happy go lucky Irish lad when Fate takes a hand and on the day of his wedding he is wrongfully charegd with murder. With the evidence against him, he is forced to flee his native land, leaving his bride behind, and in our own great West he finds a new home, and amongst the cowboys the young greenhorn has many heroic and laughable adventures; but with an exuberance of spirit and a goodly story is brought to a happy and surprising ending.

GRAND THEATRE

Cheyenne Harry's father was the town marshal of that little frontier village in the cow country. Father and son kept their six-shooters handy and whenever a brawl started, turned out and finished it with neatness and dispatch.

But they turned out once too often. When the smoke cleared away, Harry's father lay dead on the saloon floor, a Mexican bullet in his heart.

And so Harry's mother, her heart sickened with bloodshed, pleaded for her son's promise never to shoot again, either to attack an enemy or to defend himself against one.

But there came the time when not to shoot was to admit himself a coward and to permit brutes in human form to go unpunished. What was his choice? To answer, you must see "Bare Fists," the big, new Harry Carey picture, coming to the Grand Theatre tonight. Also a comedy.

To Our Patrons

Alexandria, Va., June 2, 1919.

In line with our progressive banking methods, and to meet the demands of our patrons, we are installing on July 1st, an up-to-date Safe Deposit Department, under the personal supervision of one of our officers.

This has been made necessary from the fact that a large number of our depositors owning Liberty Bonds and other securities desire a safe place for their keeping.

It is our plan to enlarge the number of Safe Deposit Boxes, and make a rental charge to meet the operating expenses of this Department. This charge will become effective July 1st, 1919, and a bill will be sent out at that time to the holders of boxes, and if any desire to make any change we will be glad to have them call before the bills are rendered for the ensuing year.

By order of the Board of Directors

NOW IS THE TIME

To Build Up Permanently. Nature at Its Best as an Aid.

If you who are weak, nervous and run down from over-work, worry of any other cause would only realize that the summer months is the time to build up strength and vigor there would not be so many collapses and rushing for aid during the winter.

The plan to follow is simple: plenty of rest and good wholesome food along with a strength-creating body- building tonic, Chasco-Vin with its Iron, Manganese, Hypophosphites, Nux and other strength making ingredients, is the tonic we suggest.

If you follow this plan carefully you will notice a wonderful improvement in two weeks time. But don't give up too soon.

The Local agent for Chasco-Vin is Edgar Warfield, Jr., King and Pitt Streets.
